

## Too big for the bin

Dispose of your bulky  
waste correctly

# A phone call is enough

**Many disused items do not fit in the dustbin, but, with prior registration, can be picked up free of charge on an agreed date by the municipal disposal service in Jena (KSJ). You should consider the following:**

- ✓ Always register your bulky waste yourself and do not dump it on your neighbour's pile of bulky waste! KSJ will only take bulky waste that's been registered.
- ✓ Please place your bulky waste in the street not earlier than the evening before pick-up – **and not in your entrance hall!**
- ✓ Only leave out those items that are to be collected as bulky waste! This includes furniture, mattresses, buggies, lamps, bicycles, suitcases, gas cookers, sports equipment, etc.

**Please remember: The unauthorised dumping of unregistered bulky waste pollutes your living environment and will be punished as an administrative offence by the municipality.**

Further information and a registration form can be found on KSJ's website. Our QR code will take you there directly. Registration is also possible via

**Phone: (03641) 4989-510**
